About

The new Supports Waiver, started July 1, 2020, is an option for individuals on the DD Waiver. Some (not all) individuals on the wait list will receive an "offer" from DDSD. Those on the wait list will keep their spot on wait lists for the DD and Mi Via Waivers. Children in "pend" status are not eligible for the Supports Waiver.

with questions.**

Services & Supports

The Supports Waiver also provides \$10,000 per year per participant that can be used for services and supports that are related to the qualifying disability or condition.

Medicaid Coverage

Once the eligibility criteria is met, the individual will have Medicaid coverage. This eligibility is based on the income of the individual, not the household.

Is this a good choice?

If you are already receiving services through State General Funds or Community Benefits through an MCO, then you must make a choice between your current services and the Supports Waiver.

Choosing an Agency

If you accept the offer to the Supports Waiver, you will need to choose an agency that will provide you with a Community Supports Coordinator. UNM CDD is one of these agencies.
